

Open lecture of the course  
**Preparation of single crystals for materials research**

# Growth of Si a SiC single crystals

Speaker: Ing. Jan Hýbl, Onsemi Czech Republic

Date: 26<sup>th</sup> April 2023, 2:10 p.m.

Place: Lecture room F2, MFF UK, Ke Karlovu 5

Subject of the lecture:

Presentation of Onsemi Company, production of Si and SiC single crystals and wafers, control of microdefects in single crystals of silicon
